

CECO Kirk & Blum

CECO KB Duct

CECO Contracting Services

Kirk & Blum / CECO Contracting Services is a member of the following Industrial Trade Associations:

- **ACGIH**
American Council of Governmental Industrial Hygienists
- **ANSI**
American National Standards Institute
- **ASHRAE**
American Society of Heating, Refrigerating and Air Conditioning Engineers
- **NEBB**
National Environmental Balancing Bureau
- **SMACNA**
Sheet Metal and Air Conditioning Contractor's National Association

- Kirk & Blum was established in 1907 in Cincinnati, OH and became part of CECO Environmental in 1999. Our Louisville location was added in the 1970s and our TN plant in the 1980s.
- We specialize in the design, fabrication and installation of dust, fume and mist collection systems.
- At each of our plants we design, layout and manufacture components for these systems. As an Industrial Sheet Metal Contractor we also have experienced crews available to install and/or supervise the installation of these systems nationwide.
- As a Custom Sheet and Plate Fabricator, we build assemblies per customer drawings or as directed by the customer.
- We have piping capabilities in the Columbia location.
- All of our shops are conveniently located to major interstates for transportation. We have, on occasion, partnered with other logistics companies to utilize rail, barge and air methods of shipment.

Locations

KIRK & BLUM COLUMBIA, TN

- **Total Fabrication Area**
35,000 sq. ft. Shop + office area - Leased Building
- **Technical Staff**
Engineers, designers and project managers
- **Affiliations**
SMWIA Local 177 / UA Local 572
- **Equipment / Capabilities**
CUTTING EQUIPMENT SHEARING - shearing to ½" plate
BURNING EQUIPMENT - computer controlled, high definition, plasma cutting with a capacity to 3" mild steel and 1" stainless and aluminum
FORMING EQUIPMENT - Press brakes to ¼" plate, power rolls to ½" plate
WELDING EQUIPMENT - Heliarc, MIG and TIG equipment. Rod welders and spot welders. Certified welders on staff.
MISC. EQUIPMENT - Ironworkers, cut-off saws, band saws, presses, grinders, notchers, and punches
HANDLING EQUIPMENT - (1) 10 ton crane, (2) 5 ton cranes, (3) 3 ton cranes, JIB cranes, and fork trucks. Crane hook height of 20 ft.
- **Number of Employees**
SHOP 50 / FIELD 20 / OFFICE 8
