RTO & DFTO Oxidizers for Cost Effective VOC Abatement

RTO OXIDIZERS FOR COST EFFECTIVE VOC ABATEMENT For Petroleum, Chemical, Pharmaceutical, Midstream Gas & Bioenergy

Adwest has designed and installed over 1200 Regenerative Thermal Oxidizer (RTO), Direct Fired Thermal Oxidizer (DFTO), Catalytic Oxidizer (CO) and VOC Concentrator Systems since 1989. These systems provide cost-effective VOC compliance from 500 scfm to over 130,000 scfm within a single modular RTO. Adwest, with our CECO Environmental family of brands, have extensively installed RTO systems for a wide range of difficult **petroleum, gas processing, pharmaceutical and petrochemical applications** including:

- ✓ Chemical & resin processing
- ✓ Hydraulic fracturing resin proppant
- ✓ Bioenergy & ethanol processing
- ✓ Asphalt roofing & saturating
- ✓ Midstream gas processing
- ✓ Petrochemical & hydrocarbon processing
- ✓ Distilling, flavors & fragrances
- ✓ Chemical & metals recycling
- ✓ Amine treating & dehydrating
- ✓ Acid gas & halogenated processes
- ✓ Pharmaceutical & biopharma
- ✓ Biogas, wood pellet & landfill off gas

**UP TO 97% RTO
PRIMARY HEAT
RECOVERY & 99%
VOC DRE**

FLAMELESS NOX-FREE RETOX RTO COMBUSTION

Halogenated Pharmaceutical RTO

Methyl Bromide PET Chemical RTO

Midstream Gas Amine Treating RTO

Alloy RTO for Midstream Amine Treating

Petrochemical RTO Oxidizer

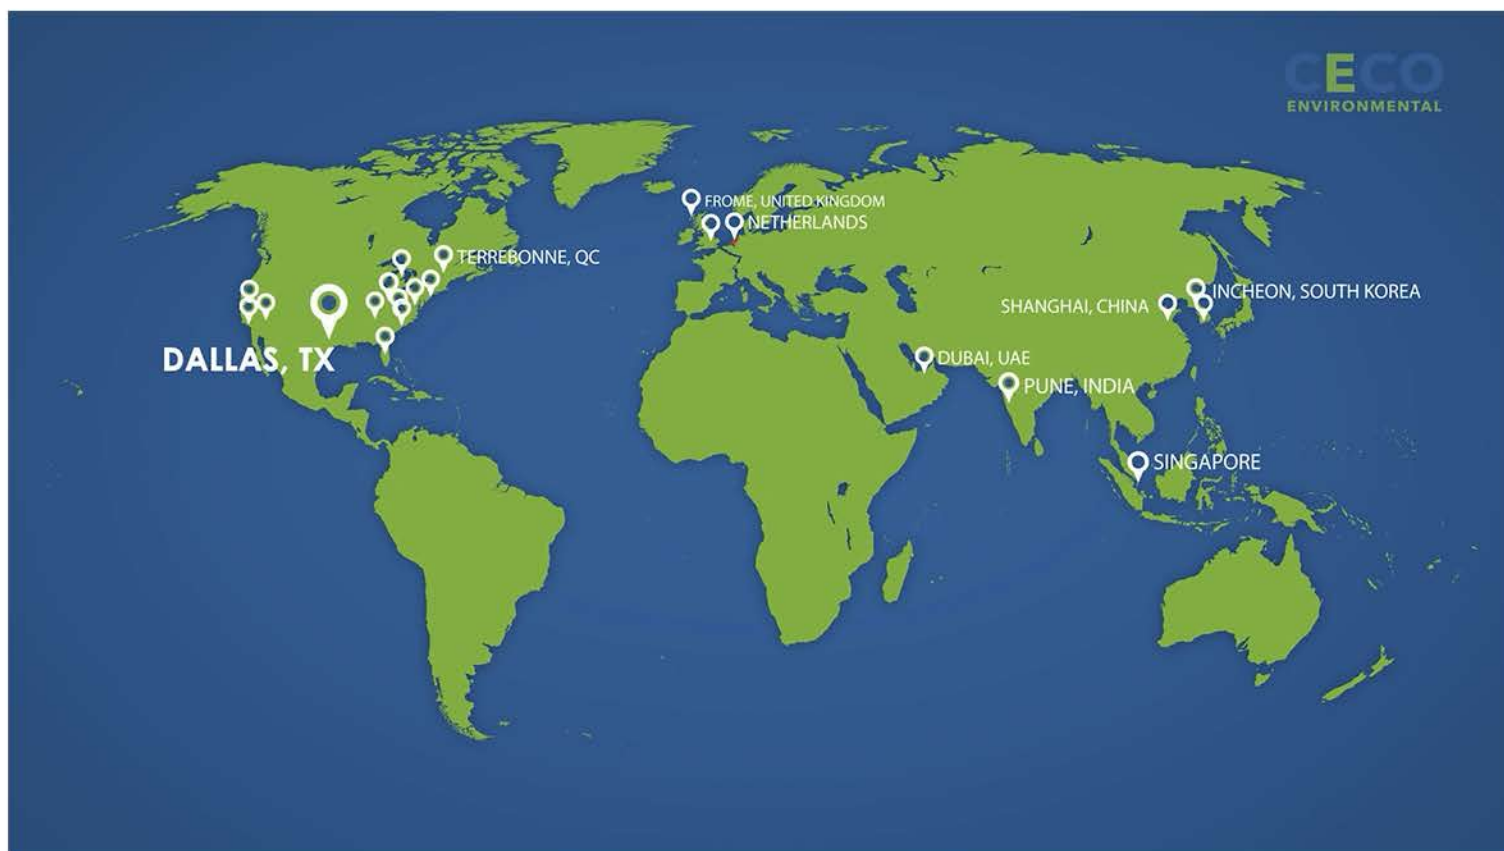

Asphalt Saturating RTO with Prefilter

CONTACT

CECO ENVIRONMENTAL is a leading environmentally focused, diversified industrial company whose solutions protect people, the environment, and industrial equipment across the globe, serving a broad landscape of industrial air, industrial water and energy transition markets.

It is listed in NASDAQ (ticker symbol: CECO).
